

# XENIO™ 50

## Proximity / RFID

Time Attendance and Access Control Smart Terminal

Available in Black or White

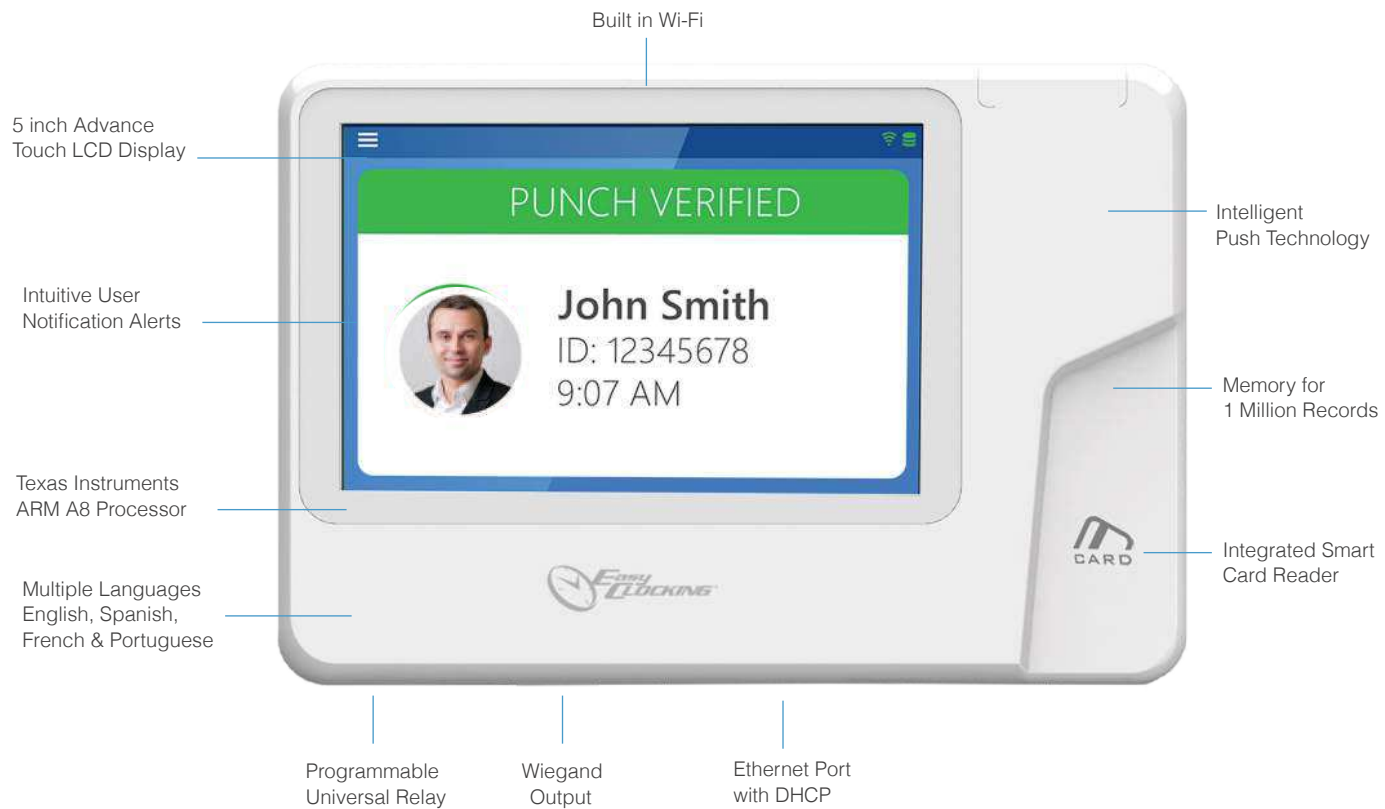

*Intelligently designed and built in the USA*

- Restrict employees from working outside of scheduled hours
- Intelligent "Push" technology
- On screen messaging system facilitates communication to users
- Employee self service portal
- Built in Wi-Fi with auto sensing DHCP
- Integrate into existing PAC systems via "Wiegand" interface
- Built in relay allows connection directly to any electronic lock
- Full set of API's for easy integration into third-party applications

# XENIO™ 50

Packed full of features

## Dimensions

Height: 1.25 inches  
Width: 8.75 inches  
Deep: 6.25 inches

## Display

5 inch  
Capacitive 5 point touch  
Color LCD

## Power

Power: DC 12 Volts  
Current (Operational): 2A

## Processor & Memory

TI ARM A8 Cortex 1 Ghz  
4GB Flash Memory, 512 RAM

## Communication Interface

10/100 Auto sensing ethernet with DHCP  
Wi-Fi  
1 Programmable Universal Relay  
RS232 (COM)  
Wiegand Output

## Smart Card Technology

Frequencies: 125kHz and 13.56 MHz

## Door Access Control

Universal relay connects directly to any 12V electronic door lock

## Authentication Methods

Fingerprint, Smart Card, Pin Number

FC CE RoHS
